Dear All,

I am extremely happy to inform you that our Chancellor and Hon'ble Vice President of India, is extremely happy with the warm reception we have given to him. This is the first function we have organized after my taking over as Vice-Chancellor of this University, which indeed was really successful.

In this regard, the cooperation extended by the Deans, Heads, all Officers, particularly Admin, Engineering, Electrical, Computer Centre, EMMRC and all staff members of various sections in the University is greatly appreciated. I thank all the Committee members and each and every employee of this University for taking it as their own function working whole heartedly. Most importantly I would like to thank my Dear Students who participated in a very disciplined manner and made this function a thundering success. I expect the same cooperation from all of you in taking this University to greater heights. Once again I sincerely put on record my deep sense of appreciation to all of you from the core of my heart.

With all the best,

Yours sincerely,

(Prof. GURMEET SINGH)
Vice Chancellor
