Sub: Usage of AVIEW On-line Video Conferencing Tool – Reg.

You may be aware that our University is connected to National Knowledge Network (NKN). One of the facilities available under NKN is a nationwide On-line Video Conferencing Tool namely AVIEW software.

A-VIEW Videoconferencing Tool is an interactive multimedia e-learning platform used for conducting large live education classes by enabling trainers/teachers to reach out to multiple remote classes and participants using the internet.

A-VIEW consists of two major modules: A-VIEW Class room and A-VIEW Meeting.

- **A-VIEW Classroom** is simple, user friendly video conferencing software, which provides a great opportunity to a teacher to teach in a live interactive mode to various geographical locations across India. A-VIEW Classroom provides opportunity to connect several universities together and creates virtual world for students. It also acts as a Knowledge Cafe where students can discuss /chat about the lecture after the live class.
- **A-VIEW Meeting** enables colleagues from across the globe to interact face-to-face with you electronically and conduct live meetings, presentations or training from the comfort of their desks. A-VIEW Meeting is currently used by senior officials in the Ministry of Human Resource Development for their communications with organizations all over the world.

Features of A-VIEW

- Deliver engaging classes live and recorded
- Provide access to learners at varying bandwidth to multiple devices
- Multiple teacher and student interaction through video and chat room
- Simple click to share any kind of file and even your desktop
- Content can be displayed across multiple displays enabling a rich viewing experience
- Multi-device compatible whiteboard

Items required to setup Video Conferencing system using AVIEW are: Desktop PC/Laptop with 4 GB RAM, Webcam, Speaker & Mic, Internet connectivity and AVIEW software (freeware).

AVIEW software can be downloaded from www.aview.in
