# *Invitation*

## *Join the International Women's Hackathon, April 26, 2014*

**Calling women leaning towards Technology!**

- *Are you creative?*
- *Do you want to meet other creative women?*
- *Do you want to create technology innovations?*
- *Do you want to help solve world problems and make a difference?*
- *Do you want to have fun and try something new?*

If you answered yes to any of the questions, then come join women on University campuses all over the world for the International Women's Hackathon 2014 during Engineering Week, sponsored by Microsoft Research, National Center for Women & Information Technology, Association for Computing Machinery Committee on Women, Institute of Electrical and Electronics Engineers Women in Engineering, Microsoft Imagine Cup, and Skype!

Become the producers of tomorrow's technology solutions. Help us inspire and support women to start the next Microsoft, Facebook, or Google. Join us at ***Department of Computer Science, Pondicherry University, Karaikal Campus on 26 April, 2014!***

Get registered by sending mail to the mail id [booni_67@yahoo.co.in](mailto:booni_67@yahoo.co.in). This event is open to women of all skill levels: those who haven't programmed at all, women who have done some programming and the best women programmers out there. It will be a great time to learn, invent, and create the future.

The event will be simultaneously broadcasted through Skype on campuses around the world, so you can meet women not only on our campus but also across the world. A surprise celebrity guest will deliver the virtual Keynote presentation. All participants will receive a Microsoft water bottle and winning teams Skype minutes and have their pitch video published on the Microsoft Research webpage. In addition, if the winning application is a Microsoft solution it will be published in the Microsoft Store

If you have questions, please send email to booni_67@yahoo.co.in.

Thanks,
Dr S Bhuvaneswari,
Convener
