October 27, 2015

Circular

Sub: Antivirus Software – Downloadable for Campus Users - Reg.

To facilitate and ensure **virus free** computer systems on the University campus, the Computer Centre has created a facility by which campus users can now freely download Antivirus software for installation and use in their respective Desktop/Laptop systems.

All users are requested to make use of this facility and thus **help us make our environment virus free.**

- [Download for Windows 7 or above](#)
- [Download for Windows XP](#)
