About Pondicherry University

Pondicherry University was established under an Act of Parliament in the year 1985 which is located in Puducherry. The university has 13 Schools, 37 Departments and 10 Centres offering 175 Postgraduate and Research programmes. The university is having state-of-the-art facilities in all Schools and Departments paving the way for the students to have a student-friendly, result-oriented academic environment built in 970 acres luster green campus.

The University has four campuses; the Main Campus is located at Puducherry and the other three off-campus are located at Mahe, Karaikal and Port Blair. The University has made a giant leap in promoting usage of Information & Communication Technologies (ICT), tools/services for the purpose of teaching/ learning, research and administration. The University has over 450 faculty and 6000 + students coming from all over the country and having 92 affiliated

colleges studying over 45,000 students in all these four campuses.

About Directorate of Distance Education

The University entered in the field of Distance Education in the academic year 1995–96 to cater to the needs of the aspirant students who otherwise could not pursue higher education going to on campus academic programmes. To reach out to all those sections of students who are away from the main stream of academics, the University has conceived several innovative and job oriented academic programmes. The prime motto of the university is to '*reach the unreached*' and thus taking higher education to the door steps of all the citizens of the nation through its distance education programmes. The fact is that more than 2,50,000 students have enrolled in various Distance mode programme over the years bears testimony to the quality of the programmes of the Pondicherry University. The students mix includes those who are employed and prefer to enhance their academic credentials, those who

missed out the on-campus learning for various reasons, those who do not have access to higher education, various categories of disadvantaged groups and segments of the Society.

The Directorate presently offers its educational programmes under two modes:

- Conventional mode - through Directorate of Distance Education
- Twinning mode – Jointly through PU - Twinning Centres.

Twinning concept is an innovative programme of the Pondicherry University to the tie-up between the Directorate of Distance Education, Pondicherry University and other top eminent Colleges/ Institutions in the country. In this mode, the University entered into an MOU with prestigious institutes having excellent faculty and physical resources and facilities, good learning ambience and offering various UG & PG degree programmes.

It has been the approach and policy of the University to focus on sector-specific, need-based and job-oriented professional programmes. The masters programme in Management (MBA), among others, offered by the Directorate of Distance Education has made a mark of their own among the quality conscious of unemployed youth and working people in the corporate India across the country. Thus, 'DDE' of Pondicherry University has made a mark in the field of higher education.

Vision & Mission

- The vision is to impart knowledge and skills to meet the national and international manpower requirements by offering quality and timely academic programmes through distance mode education
- The mission is to produce the quality and skilled manpower in the fields concerned with a view to bridge the gap of 'demand-supply' of manpower by imparting quality education, hassle-free, with affordable cost and with best quality students support services.

Vice Chancellor's Message

It is the time in India where the Government of India is making efforts to fine-tune and revamp Distance Education in the country. This quality check is done to ensure that updated and effective teaching and services are provided to every recipient as is the case of the students who have opted for the regular mode of studies. At this stage of increasing prominence, Pondicherry University expresses its enthusiasm to join the mission of making education accessible to every corner of the nation. I would like to congratulate every aspiring student of DDE, Pondicherry University on their decision to pursue higher education and wish them all great success in their path to excellence.

Message from the Director, DDE

I am happy and privilege to associate as the Director of the Directorate of Distance Education (DDE), Pondicherry University. Since I took over DDE in May 2019, I tried to sort out all the minor issues existing and brought the DDE into normal track. Presently DDE is concentrating on Management discipline and offering MBA in five concentrations – General, Finance, Marketing, Human Resources Management and International Business. Based on the demand, this year DDE is extending it to three more areas – Tourism, Hospital Management and Operation and Supply Chain Management. In addition to Management, DDE also offering four more PG degrees including MA in English, Hindi, Sociology and M.Com. This year DDE applied to UGC for permission to offer undergraduate degree programmes in BA in English, Hindi, Sociology, History, Political Science, Economics and Bachelor of Journalism and Mass Communication. Presently DDE is offering both postgraduate and undergraduate degree

programmes under two modes. First one is Conventional Mode of education offered admissions twice in year in January and August months. Second one is Twinning Mode of education in which Pondicherry University signed MOU with few prestigious educational institutions in providing best classroom education to students. In both cases, Pondicherry University offers classes through senior faculty members those are teaching to the regular students. In addition to that, to cater the needs of the teaching this year DDE appointed 29 faculty members, 17 Professors as Course Coordinators, along with several full-time teaching and administrative staff.
