

PONDICHERRY UNIVERSITY

CENTRE FOR GREEN ENERGY TECHNOLOGY MADANJEET SCHOOL OF GREEN ENERGY TECHNOLOGIES

HANDS-ON TRAINING ON **ELECTROCHEMICAL TECHNIQUES** November 30, 2018

About the Training

Electrochemical Techniques have become vital in various fields such as batteries, supercapacitors, fuel cells, solar cells, sensors, electrodeposition, corrosion etc. This one day training program on “Electrochemical Techniques” will provide basic theory as well as hands-on training on various techniques such as cyclic voltammetry, pulsed techniques, impedance, battery/supercapacitor/fuel testing, corrosion monitoring, etc. This training would provide an excellent platform for students, research scholars and young faculties to gain practical knowledge on various electrochemical techniques. Well experienced resource persons will handle the sessions.

Resource Persons

Dr. Thomas Guillon, France
Dr. Samuel Varghese, Mumbai

Registration Fees :

Rs.200, Online transfer to A/c # 6110681059, Centre Head-CGET, Indian Bank, Pondicherry University Branch (IDIB000P152)

Registration Form

The enclosed model registration form may be photocopied, filled and submitted along with the registration fee (DD). Selection will be on the basis of first-come, first-served. Only limited participants will be selected.

Important Dates

Last date for Registration: **November 28, 2018**

Training date: **November 30, 2018, 9.00 am to 5.30 pm @ CGET**
