**KARAIKAL CAMPUS**

Dr.S.Bhuvaneswari,  
Reader & Head, Dept of Computer Science

02.12.2013

## **CIRCULAR**

It gives me immense pleasure to intimate the final M.C.A students of the Department of Computer Science, Karaikal Campus that the National Informatics Center, Chennai is willing to offer project for one outstanding student from the final semester of M.C.A batch which may lead to the future prospects as permissible by the concern. The project offer has been made by Shri. E.Iniya Nehru, Senior Technical Director, NIC, Chennai.

In this regard the committee comprising the Head of the Department & the Placement Officer has decided to select a student who satisfies the following criteria.

- 1) 07 CGPA throughout the course till V semester.
- 2) Who tops the selection test and / or
- 3) Excels the presentation.

Regarding the Selection test:

A selection test is to be conducted on 09-12-2013 (Monday) by 10 am. The time duration is One hour. The type of questions will be objective. The maximum score is 50. The curriculum covered will be

- a) System software
- b) Operating Systems
- c) OOP's concepts (C, C++ & Core Java)
- d) Networks and
- e) DBMS

### **Important Note:**

The selection test has **Negative marking**.

That is all correct answers will get one mark each and each wrong answer will be losing half- a mark from the total score.

The cut –off will be decided from the overall performance.

If there is a tie in the marks scored by the students the next stage of selection will be the presentation on any one of the System's Side Concept Perspectives as to the wish of the student who enters the tie.

The presentation will be on the same day by 2 pm in the seminar hall and the maximum duration will be 15 minutes.

The selected student should make themselves ready to go to Chennai the next day.

**ALL THE VERY BEST**
