## E-CIRCULAR

### e-Seminar on “Get the Best From SciFinder”

**Date & Time : 9<sup>th</sup> October 2013 at 10.30 am.**

SciFinder provides easy access to Chemical Abstracts databases containing the most comprehensive collection of scientific literature, patents, substances and reactions since 1907. SciFinder is updated with 15,000 new substances daily. SciFinder covers 10,500 journals and patents from 63 issuing authorities (including India), more than 67 million single/multi step reactions, more than 73 million organic/inorganic substances and more than 64 million bio-sequences. SciFinder covers multi-disciplinary research areas such as Chemistry, Biotechnology, Metallurgy, Pharmacy, Engineering, Physics, Polymers etc.

This e-Seminar session would focus on following :

Research Topics, Substance searching, Markush structure searching, Reaction Searching, SciPlanner for Reactions, Bioactivity/Target Indicators, Manage Answers, Utility features, etc.

#### Registration & Technical Requirements

This e-Seminar is free of cost, however prior registration is required. For registration, please send following details by email to [seminar@sciedgeinfo.com](mailto:seminar@sciedgeinfo.com) :

1. Organization name and postal address with contact telephone number
2. Name(s) of participants, department, email IDs

CAS will send a URL link by email which will be needed to join e-seminar. For Audio, you need to have a PC with speakers/head phone or call toll-free numbers (one-way mode) and you can use chat mode to ask questions (Please join atleast 15-30 min in advance so that WebEx software completes its start-up process)

All the faculty, research scholars and students of respective departments are invited to join the e-Seminar.
