About the Department:

The Department of Chemistry, Pondicherry University was established in 1987 and since then has been doing path-breaking research work in the contemporary chemistry. Major thrust areas of the Department include Organic Synthesis, Magnetic Resonance, Nanomaterials and Photocatalysis, Solid State Chemistry, Organometallic Chemistry and Theoretical Chemistry. The Department offers Post-graduate programs in Chemistry including M.Sc. (2 year), M.Sc. (5 yr. integ.) and Ph.D.

Success of a large number of post graduate students in national tests, UGC-CSIR, NET and GATE bear testimony to quality teaching in the Department. Similarly, publications in scholarly national and international peer-reviewed journals showcase the Department's achievements. The Department has been recognised for special funding by UGC (SAP-DRS) and DST (FIST).
