**CEC INVITES EXPRESSION OF INTEREST FROM THE FACULTY MEMBERS
TO PRODUCE POST GRADUATE LEVEL MOOCs COURSES**

The Consortium for Educational Communication (CEC) has been recently designated as the National Coordinator for **Post Graduate** MOOCs. Consequently MOOCs courses produced by EMRCs will be available, from January 2020 onwards in the SWAYAM portal. Until recently, the CEC has been entrusted with producing MOOCs courses for Under-Graduate Non-Technological Courses only.

In this context, CEC invites fresh proposals for creating **Post Graduate** MOOCs from the University faculty members. Funds will be released, after scrutiny and selection of the proposals by the peer group, to EMRCs to produce the PG MOOCs at the rate of Rs 13.5 lakh per course. Application form and other required information are available at the home page of the CEC

(<http://cec.nic.in/Pages/Home.aspx>).

EMRC assists the faculty members in preparing the five minutes sample video to be uploaded along with the application form. All the faculty members of the Pondicherry University are invited to express their interest to produce fresh PG MOOCs. For further assistance / clarification, the undersigned may please be contacted.
