

# Department of Earth Sciences Pondicherry University

Invites students to a Webinar on

## Ore Deposits and Ore Forming Processes

by

### Prof. M.S. Pandian

Professor of Geology with interest in teaching Economic Geology and research on understanding ore forming processes. Actively engaged in ore geology research on diverse types of hydrothermal deposits with a team of mentors and students, and in updating knowledge of alumni across all batches passed out from 1997 onwards.

Register by filling the google form : <https://forms.gle/i4fHJfQ2iSwdK3W19>

Registered participants will receive the webinar link and will be awarded e-certificates on successful completion.

### Schedule

Date	Time	Title
September 4, 2020	5:00 to 7:00 PM	Ore deposit types and ore forming processes
September 5, 2020	5:00 to 7:00 PM	Magmatic deposits
September 6, 2020	5:00 to 7:00 PM	Hydrothermal deposits
September 7, 2020	5:00 to 7:00 PM	Sedimentary and supergene deposits

### About the Webinar

This webinar is an attempt to reach out to all post-graduate students studying geology related courses in various universities and colleges across the country. It aims to provide an additional opportunity of learning some core concepts. This is the first in the series of webinars that are being planned.

### Department of Earth Sciences

The department offers a five-year integrated M.Sc. program and a two-year M.Sc. program in Applied Geology, besides the Ph.D. in Earth Sciences. In short time period of its establishment in 1994-95, the department has earned a good name in the Earth Science community largely due to successes of its students and research output of its faculty members.

### Pondicherry University

Pondicherry University holds a special place in the Indian University System. It was created to meet out the demands of the local community, and ever since its inception in 1985, it has shown a tremendous commitment to innovation and to serving the needs of the nation. Spread over a sprawling campus of ~ 800 acres, housing ~ 50 departments and centers having more than 6000 students, the University is consistently bagging the high ranks in NIRF rankings.
