Dear Professor,

As you are aware, the **International Women's Day** is celebrated all over the world on the 8th of March. This offers an occasion for looking at afresh at women's issues and raising awareness on factors relating to gender.

In this context, resorting to this as an occasion towards the mainstreaming of women's issues, the **Centre for Women's Studies, Pondicherry University** invites **collaborative proposals** from all departments/ Centres of this university.

The Centre intends to have a week of programmes focusing on **WOMEN'S IDENTITY, WOMEN'S PROBLEMS, GENDER ISSUES, and OTHER RELATED ASPECTS.**

We are sure that you would give suitable significance to these issues and look forward to interesting and innovative programmes that would generate public interest on social causes.

A preliminary meeting is proposed to be held at the **Centre for Women's Studies**, first floor, School of Social Sciences, Silver Jubilee Complex, Pondicherry University on Friday 8th February at 12 noon. Those who are interested in collaborating with Centre are most welcome to attend the same.

All proposals should have a well-defined objective, description of programmes intended supported by a financial proposal.

We welcome your participation and collaboration

Yours sincerely

Usha V.T
