About the Department:

The Department of Chemistry, Pondicherry University was established in 1987 and since then has been doing path-breaking research work in the contemporary chemistry. Major thrust areas of the Department include Organic Synthesis, Magnetic Resonance, Solid State Chemistry, Organometallic Chemistry and Theoretical Chemistry. The Department offers Post-graduate programs in Chemistry including M.Sc. (2 year), M.Sc. (5 year integrated), M.Phil. and Ph.D.

Success of a large number of post-graduate students in national tests, UGC-CSIR, NET and GATE, bear the testimony to quality teaching in the Department. Similarly, publications in scholarly national and international peer-reviewed journals showcase the Department's achievements. The Department has been recognised for special funding by UGC (SAP-DRS) and DST (FIST).
