

Educational Multimedia Research Centre (EMRC)

Department of Electronic Media and Mass Communication Buildings
Pondicherry University, Silver Jubilee Campus
Pondicherry 605014

The Consortium for Educational Communication, an Inter University Centre set up by the University Grants Commission, to produce educational videos and e-learning materials, has been establishing an Educational Multimedia Research Centre (EMRC) at Pondicherry University. With state of the art production facilities, and trained human resource, the centre will start producing educational videos shortly. The EMRC will contribute to the national educational resources grid in the form of educational videos, documentaries, e-content, Learning Object Repositories etc. The contents generated by the EMRC Pondicherry will be disseminated through platforms including DD Vyas Channel, an exclusive 24X7 CEC-UGC Higher Education Satellite Channel of MHRD.

In this context, the EMRC Pondicherry is planning to identify interested faculty members who wish to contribute to the national grid in the form of educational videos and e-content. Hence, interested faculty members of Pondicherry University are requested to send a brief proposal, in the prescribed format, to the undersigned, not later than **30th June 2017**.

Shortlisted proposals will be taken for initial round of production.

Head i/c

EMRC, Pondicherry
