Reference Modules on ScienceDirect combine thousands of related Elsevier reference work articles into one source of information. Articles in each title are continuously reviewed by a renowned Editorial Board, and changes are time-stamped as of the last review or update. Elsevier currently offers three subject-based modules:

- ❖ The **Biomedical Sciences module** contains over 4,770 articles including articles from 15 Elsevier major reference works, 2 related multi-contributor books and new and updated articles specially written for the module.
- ❖ The **Earth Systems and Environmental Sciences module** contains over 4,550 articles including articles from 20 Elsevier major reference works and new and updated articles specially written for the module.
- ❖ The **Chemistry, Molecular Sciences and Chemical Engineering module** contains over 4,740 articles including articles from 24 Elsevier Major Reference Works and new and updated articles specially written for the module.

**All the Faculty, Research Scholars and Students are requested to make the best use of this access facility.**
