# Workshop on SCOPUS

15th October 2015

Elsevier & Ananda Rangapillai Library, Pondicherry University

Elsevier is the world's leading provider of science and health information and serves more than 30 million scientists, students and health and information professionals worldwide by providing world-class information and innovative tools that help them make critical decisions, enhance productivity and improve outcomes.

SCOPUS, the largest abstract and citation database of peer-reviewed literature, features smart tools to track, analyze and visualize research. Scopus delivers the most comprehensive overview of the world's research output in the fields of science, technology, medicine, social sciences and arts and humanities.
