EBSCOhost databases and discovery technologies are the most-used, premium online information resources for tens of thousands of institutions worldwide, representing millions of end-users. Access to the following databases are available :

SocINDEX with Full Text: SocINDEX with Full Text is the world's most comprehensive and highest quality sociology research database. The database features more than 2.1 million records with subject headings from a 20,000+ term sociological thesaurus designed by subject experts and expert lexicographers. SocINDEX with Full Text contains full text for more than 860 journals dating back to 1908. This database also includes full text for more than 830 books and monographs, and full text for over 16,800 conference papers.

Gender Studies Database: Gender Studies Database combines Women's Studies International and Men's Studies databases with the coverage of sexual diversity issues. GSD covers the full spectrum of gender-engaged scholarship inside and outside academia. This database includes more than 921,000 records with coverage spanning from 1972 and earlier to the present.

PsycARTICLES: PsycARTICLES®, from the American Psychological Association (APA), is a definitive source of full text, peer-reviewed scholarly and scientific articles in psychology. It contains more than 153,000 articles from nearly 80 journals published by the American Psychological Association (APA), its imprint the Educational Publishing Foundation (EPF), and from allied organizations including the Canadian Psychological Association and the Hogrefe Publishing Group. It includes all journal articles, book reviews, letters to the editor, and errata from each journal. Coverage spans 1894 to the present and nearly all APA journals go back to Volume 1, Issue 1.

PsycINFO: The PsycINFO®, database, American Psychological Association's (APA) renowned resource for abstracts of scholarly journal articles, book chapters, books, and dissertations, is the largest resource devoted to peer-reviewed literature in behavioral science and mental health. It contains over 3 million records and summaries dating as far back as the 1600s with one of the highest DOI matching rates in the publishing industry. Journal coverage, which spans from the 1800s to the present, includes international material selected from around 2,500 periodicals in dozens of languages.

Psychology and Behavioral Sciences Collection: Psychology & Behavioral Sciences Collection is a comprehensive database covering information concerning topics in emotional and behavioral characteristics, psychiatry & psychology, mental processes, anthropology, and observational & experimental methods. This is the world's largest full text psychology database offering full text coverage for nearly 400 journals.

All the Faculty, Research Scholars and Students are requested to make the best use of this access facility.
