Merck Index Online - Free Trial

Free trial of Merck Index Online is available till 10/11/2013.

Access available at : <http://www.rsc.org/Merck-Index/>

The Merck Index has been regarded as the most authoritative and reliable source of information on chemicals, drugs and biologicals for over 120 years. The Merck Index Online (MIO), published by the Royal Society of Chemistry, offers the same highly authoritative information as the print edition in a convenient and easily searchable full text database. It is a fully-searchable database with over 11,500 monographs, 32 supplemental tables and 500 Organic Name Reactions. Users can perform simple searches on a number of different properties and fields, construct complex multiparameter searches, and search by chemical structure.

Subjects covered include: Human and veterinary drugs, Biotech drugs and monoclonal antibodies, Substances used for medical imaging, Biologicals and natural products, Plant and herbal medicines, Nutraceuticals and cosmeceuticals, Laboratory reagents and catalysts, Dyes, colour and indicators, Environmentally significant substances, Food additives and nutritional supplements, Flavours and fragrances, Agricultural chemicals, pesticides and herbicides and Industrial and specialty chemicals.

Please circulate this information to all the faculty, research scholars and students to make the best use of this access facility.
