Circular

Sub:- Extension of last date for admission of candidates to Certificate course.

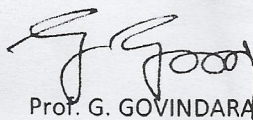

-----

The last date for submission of application to the certificated course on **Advanced Analytical Techniques** is hereby extended up to **08.08.2013** as the Ph.D. admission in most of the departments are still in progress and the course will be useful for the scholars in their related experimental work involving sophisticated analytical instruments.

This may be brought to the notice of the interested candidates of your department / centre so as to enable them to register for the course.

**Details of the Course offered:** Certificate course in Advanced Analytical Techniques

Eligibility : M.Sc. / B.E. / B.Tech. in any subject except Computer Science / Mathematics / Statistics, with a minimum of 45% of marks.
