While awarding the loan scholarships the main stress will be on Science, Engineering and Medicine, but students of Commerce and Social Sciences including Economics may also be considered. The purpose of the Scheme is to select extraordinarily bright Muslim students and to fund subsequent education of those among them who are needy and continue to show excellent results, so as to produce leaders in various walks of life. The criterion for selection would be merit-cum-means.

Loan Scholarship will be awarded to those students who have passed the following examinations:

1. High School/Higher Secondary
2. Intermediate or equivalent
3. Graduation

The amount of loan scholarship in respect of different courses will be decided by the Scholarship Committee.

The amount of the loan scholarship will have to be paid back to H.E.S. in the same number of instalments in which it is given. The repayment will commence two years after completion of education. The loan scholarship is renewable annually subject to the progress being satisfactory. In case of decline in academic performance or failure to report progress, the scholarship will be suspended and the entire amount of loan scholarship may be recalled from the awardee. The selection of candidates will be on an all-India basis. Only those regular students need apply who have secured at least 60% marks in aggregate.

In addition to a high percentage of marks, intellectual brilliance, creative capability, quality of leadership and the urge to make a mark in life, will be assessed and kept in view while awarding loan scholarship.

All applications for undergraduate and non-professional courses will be scrutinized and the students with the best results will be called for a written examination and interview at Delhi. They will be paid second class Rail fare to and fro. Arrangements for their boarding and lodging will be made by the Society. Students for professional courses will not have to come for written examination and interview at Delhi. They will send only application forms duly filled alongwith all the required documents (Marks-sheet, Bonafide student certificate, Income certificate) to the Society's office. Those selected will be given a loan scholarship to be determined according to the means criterion. While deciding on scholarships, means criterion will receive special weightage.
