MESSAGE

The annual United Nations Climate Change Conference (Conferences of the parties, COP) is central to driving the global climate action agenda and therefore a thorough understanding of climate change in context of COP is necessary to drive effective climate action in India and globally.

I am glad to note that IARF Centre of Excellence for UN Global Goals is conducting COP+25 India program to promote the objectives of COP25, Chile 2019 in synergy with objectives of India's post-2020 climate goals.

I welcome IARF's COP+25 India Program and I am sure that students and educators across India and abroad will immensely benefit from this initiative.

(Prakash Javadekar)
