Dear Colleagues,

I am happy to inform you that the Education Ministry, New Delhi has mandated CEC to develop Online Courses in Gap Areas in the following 6 UG Subjects:

1. Anthropology
2. History
3. Political Science
4. Public Administration
5. Sociology
6. Commerce

To complete these subjects for the requirement of 3 year Degree Programs, the EOI for this work has been invited by UGC through INFLIBNET. The details are available in the link, as below:

<http://swayam.inflibnet.ac.in/>

On 31.07.2020, the above link to the EOI has been made available on Pondicherry University website in the Flash News and the new section on MHRD/CEC/UGC ICT initiatives.

On behalf of EMRC, I request submission of proposals from Pondicherry University faculty and Heads of departments of all its campuses.

This is for the kind attention and prompt action of faculty who are teaching the six subjects mentioned above, in which 171 fresh UG MOOCs are required by the Education Ministry.

Looking forward to your proposals towards contributing to the building of knowledge, also in regional languages as per the mandate of NEP 2020.

Wishing you all the best in all your endeavours.

Warm regards

Radhika Khanna
