BANCQUEST 12

Bancquest is an industry - interface intercollegiate students meet organised by the MBA - Banking Technology students of Pondicherry university. Students from various colleges and universities who are pursuing their UG & PG courses both in technical and management streams are participating and exhibiting their management and technical skills in the bancquest events regularly. The Bancquest is an annual event organised by MBA - Banking Technology students since 2008 which aims at effective knowledge transfer and to engage the participating students in a competitive environment. Guests and experts from industries will also participate and engage with the students.

Pondicherry University

The Pondicherry University is a central University, established through an Act of Parliament in 1985, has just completed its 25th year of existence. The campus is spread over 780 acres of land with lush green tropical vegetation and its entire campus is Wi - Fi enabled . It has emerged as India 's fastest expanding Central University crossing growth mark of 300 % during the last four years and has about 5000 students now representing 33 states of the country & abroad and over 450 highly qualified faculty from across the country. The university is a member of the Association of Commonwealth university and has signed memorandum of understanding with several foreign universities / institutes.

MBA - Banking Technology

The Department of Banking Technology came into existence in the year 2005-06 to offer an innovative MBA programme in Banking Technology under the UGC sanctioned Innovative or Interdisciplinary scheme of X plan offered jointly by the School of Management and the Ramanujan School of Mathematics and Computer Science. The need for the programme arose as a large amount of diversification is taking place in the financial system of the country. To suffice the emerging and contemporary needs, the programme aims at producing managers required to manage tech embodied financial institutions and it associate with flagship IT industry to develop domain specific IT products/ IT solutions for ever surging finance and banking industries.
